PERFORMING THE EXTRAORDINARY

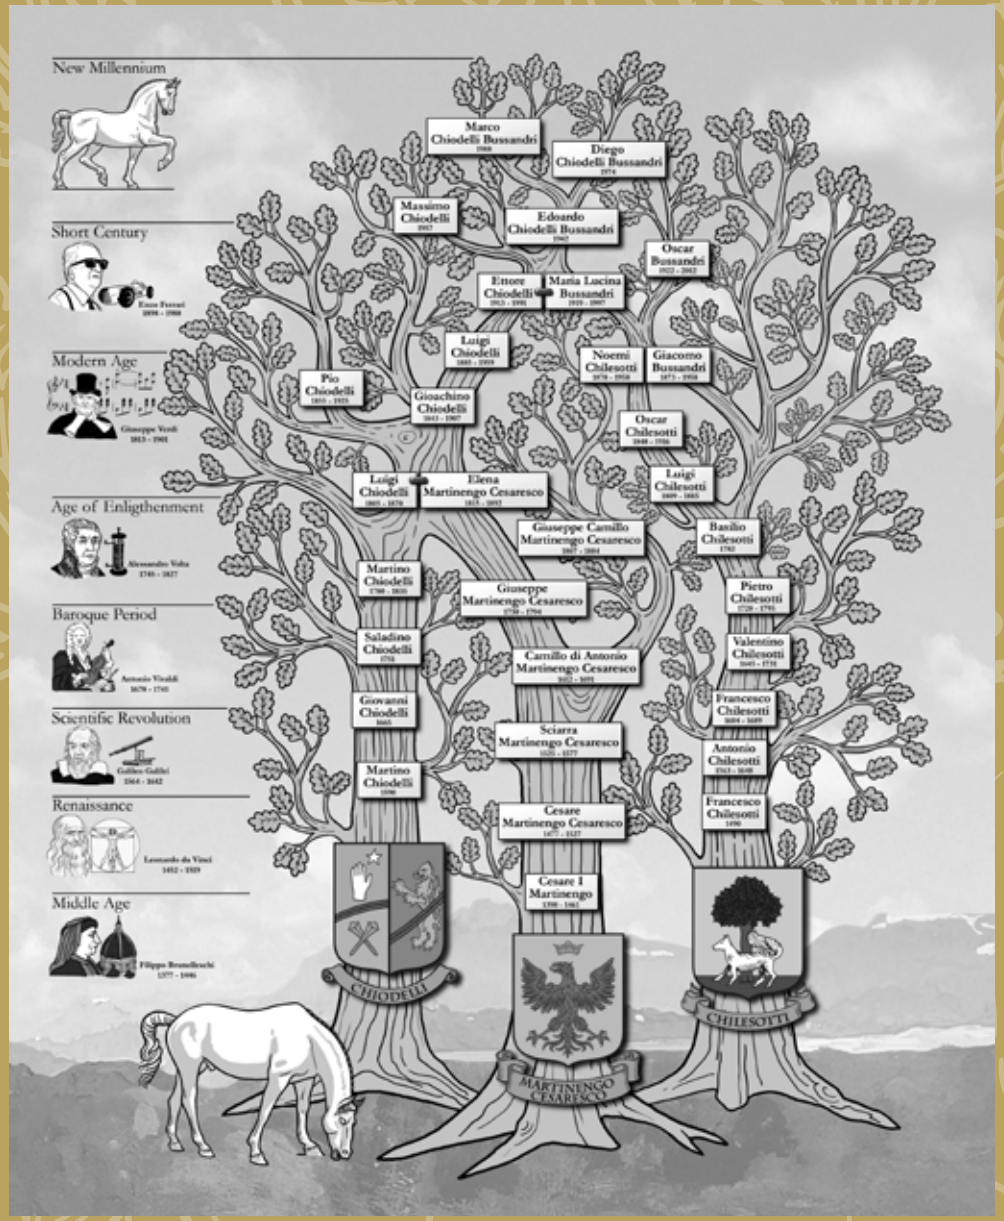

CHIODELLI creations are a tribute to beauty and hight quality. The company stand between art and the most exclusive craftsmanship, merging the elegance of classical style with the charm of the contemporary.

FAMILY
HISTORY

CHIODELLI is the story of a family who has in its DNA the essence of luxury.
Marco Chiodelli Bussandri, the co-founder and President, descends from a dynasty who has managed to maintain the elegance of classic Venetian and Italian furniture alive for over a hundred years.

Thanks to his family's teachings, the determination to continue the family's mission was ingrained in Marco. Continuing to contribute to the success of Italian craftsmanship and elegance in interiors also became his objective.

From these backgrounds, in 2015 **CHIODELLI** was born. A new brand for a new generation ready to bring ancient knowledge into the future.

DISCUSS **DESIGN** DEVELOP

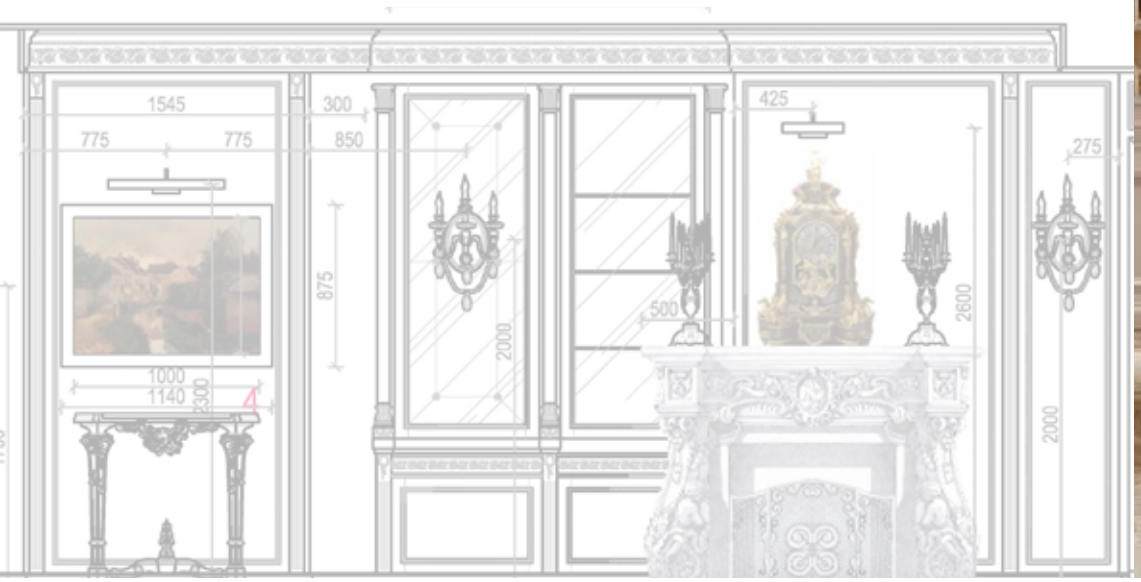

CHIODELLI BRINGS DESIGNERS' DESIRES AND IDEAS TO LIFE BY MAKING CUSTOM-MADE PRODUCTS AND PROJECTS.

PROJECT
TAILOR MADE

CHIODELLI'S mission is bringing to life the ideas of the most ambitious designers by developing tailor-made and unique products that are totally customisable.

The environments realised are studied and designed in the smallest detail to create a setting where fabrics, paintings, furniture and ornaments merge into a single vision.

CHIODELLI, REALIZES TOTAL HOME DESIGNS THAT BLEND WITH SPACES AND DESIRES BY ELEVATING THE CONCEPTION OF LIVING.

The ongoing balance between tradition and innovation leads to new paths exalting the potential of each environment

“Our brand is printed in every piece of furniture and each piece becomes a personal affair. This is the real sense of tailor-made for us, and what we offer our customers are perfection and value over time”.

Marco Chiodelli Bussandri

THROUGH THE VALORISATION OF DECORATIVE TECHNIQUES, **CHIODELLI** CONTRIBUTES TO PASSING ON THE HERITAGE OF CRAFTSMANSHIP

MADE IN **ITALY**

CHIODELLI is proud to be 100% made in Italy
The production is all made in the Veneto factory
where projects take shape.

CHIODELLI celebrates the talent of local artisans
by helping to preserve skills and knowledge so
that they can be passed down by enhancing the
richness of italian craftsmanship.

RESPONSIBLE **DESIGN**

CHIODELLI considers respect and protection of the environment as foundational values for the business and they focus on the key environmental areas of climate change, third - party certification and sustainable design.

How they do that?

MATERIALS:
Creating quality and long-lasting products is the core principle of sustainability.
At **CHIODELLI** each aspetc counts.
The wood only comes from certified forests and materials are of the highest quality, selected to last.
The result is durable, resistant and low-maintenance products, pieces of art that icrease in value with time.
All packaging materials, such as cardboard and plastic, are completely recycled and the company is committed to water-based paints.

ENERGY:
Chiodelli has just reached zero emissions thanks to a new photovoltaic system which provides energy for the entire industrial premises. Last financial year, investment in production efficiency allowed the company to reduce energy consumption by 20%. Reconversion of the entire lighting system using the most advanced LED technology contributed to achieving this important result. Today, with this strategic investment in a cutting edge photovoltaic system with 460 solar modules, they are able to provide all the energy they need for the production while supplying green energy to the local communities".

PEOPLE:
CHIODELLI believes that good sustainable design involves the entire production cycle, starting with the entire system of people and resources involved in producing and creating art furnishings.
Healthcare and improvement of social conditions and worker security are hight priority in the company.
